Re: Partial Refund of Permit Fees, H.E. Davis & Sons, Chicken Creek Mine, S/023/055, Juab County, Utah

Dear Mr. Davis:

Enclosed is a check from the State Treasurer's office for a partial refund of the year 2000 permit fees which you paid for the Chicken Creek Mine, permit number S/023/055. This project was originally submitted as a large mining project. In February, 2000, you informed us that this project was not going to go to a large mine status at this time. Because the large mine application had never been approved, we requested that you submit a small mining application in order for us to change the status of this mine from a large mining operation to small mining operation. We received that application and it was accepted as complete in March, 2000.

When we changed the status of the mine site in our database records, the permit fees did not change. Therefore, when the year 2000 permit fee billing notices were sent out in July, the amount requested for this site still showed as \$350.00, rather than the correct amount of \$100.00. You subsequently paid the \$350.00.

When we discovered this error, we requested that the State Treasurer's Office refund \$250.00 to you. The State Treasurer's Office sent the check to us to return to you. We apologize for this error and hope it has not created any inconvenience for you. The future permit fees for this small mining project will be \$100.00.

If you have any questions regarding this letter, please contact me at (801) 538-5286 or Joelle Burns at 538-5291.

Sincerely,

D. Wayne Hedberg
